APPEARANCES

Often a person is sized up by his appearance; by the tone that surrounds him. And more often a business house is sized up by the stationery it uses. A cheap letter head or a poor bill head gives a mighty poor first impression and makes business harder to transact. Good printing costs no more than poor printing. The first impression is half the battle in business. You wouldn't employ a "sloppy" salesman; why put up with "sloppy" stationery, that gives a wrong impression of the importance of your business. Let us do your printing and help you to make that ten strike.

BLOOD-CLEANING TIME.

To make a splendid Blood Medicine, which every one should take at this time of the year, mix: Fluid Extract Dandelion one half ounce, Compound Kargon, one ounce, Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after meals and at bedtime.

A well known local druggist states that these are all harmless ingredients, which any pharmacy can supply at nominal cost.

This simple mixture though easily prepared, is said to strengthen the kidneys, forcing them to filter and strain from the blood all impure waste matter and acids which cause Rheumatism, Nervousness, Skin Eruptions, Sores, Boils and Pimples and other effects of Unclean Blood.

Now is the time to rid the system of disease and build up the full blood count of 95 per cent red corpuscles, which means perfect health.
Mix this yourself.

WORD FROM WEST SIDE YESTERDAY

WARRENTON CORRESPONDENT
SENDS IN THE LATEST NEWS
FROM THAT LIVELY CENTER—
PERSONAL AND OTHERWISE.

WARRENTON, April 18.—The Misses Turner, who have been spending a week's vacation with their sister Mrs. Malarkey, have returned to their home in Southbend.

Mrs. A. Dawson of Clatsop City passed through the town, en route for Astoria.

As a sequel to the accident of Hardie's mentioned in your columns today, it may be stated, the wagon, harness and lumber was regained from the water. Seeing that Mr. Hardie is well known in Astoria and the surrounding country and that doubtless many persons are anxious to hear the story of the mishap direct from him, it is deemed advisable to state, that the gentleman is at present minus a growth of hairs on his upper lip—this information may enable friends to identify him.

Miss Emma Warren, of Astoria, the County School Superintendent is visiting in Warrenton.

The residents are gradually recovering from the "Graphophonia" epidemic, which recently struck the town. However it is hardly possible that the disease will ever be thoroughly eradicated.

The first ball game this season, in Warrenton, is announced to take place on Sunday next, April 21st, when our boys will meet the Fort Columbia Baseball Club. A good game is anticipated.

Mr. George Schmidt, Mrs. F. M. Warren, Mrs. D. L. Halferty and Miss Maud Kindred were seen boarding the train for Astoria today.

Mr. Harvey, of Vancouver Wash., is having a five room house built, at the back of the Methodist church.

His Geography.

Said little Ned: "The man who wrote this big geography
Has surely made a great mistake
To leave out little me."

"Why, only think, as now I stand,
All toward my left is west.
In front of me is north, and back
Is south, as you have guessed."

"All on my right is east, and so
'Tis very plain to see
That north and south and east and west
Begin right here with me."

"So I must write and ask to have
My picture placed in
That other boy's and girls may learn
Where all the things begin."
—Chicago News.

Dummy.

"Now, Maria, how do those boys know we are going to a 'whist party'?"
—New York Herald.

A Little In Doubt.

"I suppose you are glad to see the interest your boy takes in his books."
"Yes," answered Farmer Cornstossel.
"I shouldn't be surprised if one of these days he knew as much as the college professors themselves. The only thing is that college professors don't look to me as if they got as much enjoyment out of life as a lot of people that haven't near as much knowledge."
—Washington Star.

His specialty.

Young Foley looked so downcast that the market man asked why he carried such a long face.
"Fired," returned Foley concisely.
"Fired?" repeated the market man. "Give you any reason for doing it?"
"Yep," Foley said, with the air of a martyr. "The boss said he was losing money on the things I was making."
"Is that so? What were you making?"
"Mistakes."

'Sdeath!

He (excitedly)—I tell you the band some dress that millionaire's wife is wearing was paid for by blood money. She (calmly)—Ah, that accounts for the gore in the skirt!—Baltimore American.

Said Edith to her doll: "There, don't answer me back. You mustn't be saucy no matter how hateful I am. You must remember I am your mother!"

TRIBUTE TO WHITE.

Artists Plan Demonstration in Memory of Stanford White.

NEW YORK, April 18.—A statement regarding the movement to have the Art Societies of the Fine Arts Federation pay tribute to the memory of Stanford White, as an architect has been given out by William M. Chase, who was president of the old society of American artists for a dozen years. Mr. Chase said:

"I have received many letters from well known artists who would be glad to take part in any demonstration that may be made in memory of Stanford White, and I am glad to be considered one of his friends in any action they may think wise to take. The artists desire to make known to the world how keenly they feel the loss of Stanford White."

"Stanford White did more than any ten men to beautify this city and an enumeration of the works of his genius, would have to be made from the

memorial arch in Washington Square to Central Park.

Mr. Chase said that it is the expectation that a conference of well known artists will soon be held for the purpose of calling meetings of the Art Societies to take action in the matter.
